EFFICIENT & EFFECTIVE GLASS SOLUTIONS

 GARIBALDI GLASS

■ WHY CHOOSE GARIBALDI'S LEGACY SERIES?

With over 55 years of glass fabrication experience, knowledgeable staff, and a deep commitment to continuous improvement, excellence is not just a commitment, but a tradition. With Garibaldi, we ensure the industry's lowest defect rates, saving you from unexpected costs, time, and hassles. Our comprehensive offerings span from railing glass to large-scale industrial projects, covering every architectural glass need you have. When you choose Garibaldi, you choose a partnership that guarantees success and sets the highest standard of quality, a testament to our legacy.

The Garibaldi Advantage:

With the assurance of the lowest defect rates in the industry we reduce your costs from unexpected expenses. We get it right the first time.

On-Time Delivery:

With a 98.25% on-time delivery rate, we ensure reliable turnarounds to keep your projects on track.

Proven Reputation:

Trust in our long-standing commitment to excellence in the industry.

Value-Driven Pricing:

Our commitment to competitive pricing goes hand in hand with unwavering quality and service. With Legacy, our diverse offerings not only deliver exceptional value but also stretch your project budget further.

Comprehensive Offerings:

From railing glass to large commercial industrial projects, we cover all your architectural glass needs.

Unmatched Quality: Our glass products consistently meet or exceed industry standards for durability and performance.

LEGACY^G series

INTRODUCING THE LEGACY SERIES

Our exclusive Legacy series reflects our long-standing commitment to reliability, efficiency, and excellence that underpins every project we touch.

Our Garibaldi quality, designed for readily stocked glass solutions covers an extensive range of products to meet your diverse needs for railing glass, sealed units, glass partitions, standard Frit or Opaci-Coating, laminated compositions, tempered glass, edgework, and classic standard shapes.

With the Legacy Series, experience the synergy of quality, efficiency, and value, all seamlessly fused into one outstanding glass solution. You are not just selecting glass – you are choosing a brand that has set the benchmark in the industry for innovation, consistency, and craftsmanship.
